

Base Color for Polyvinyl Chloride

Make short deadlines possible!

Closed lost due to one-month lead time. Delivery time became a bottleneck.

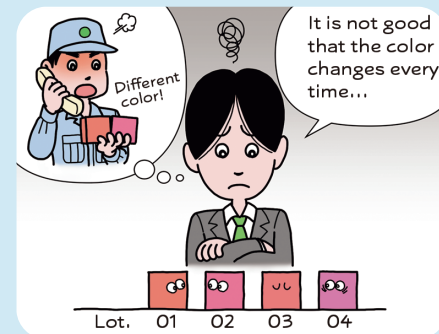

With NSB base colors, you can respond to requests quickly using color matching system.*

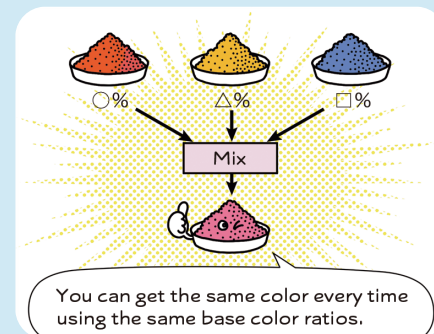

Meet short deadlines and eliminate worries about delivery dates.

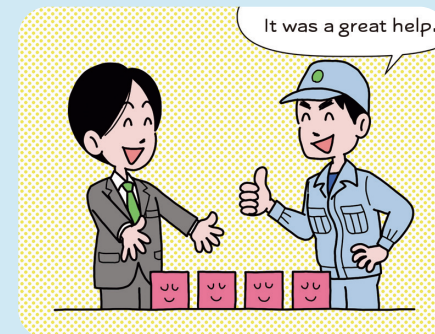

Make consistent color management possible!

Color differences occur between products, resulting in complaints.

Maintain consistent quality with NSB base colors and color management system.

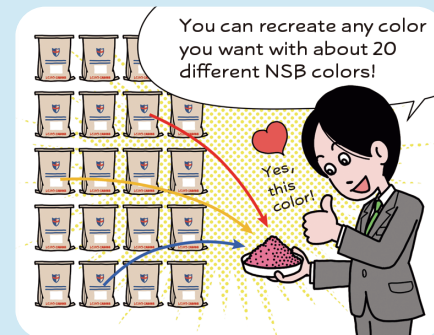

No more color inconsistency, less complaints. Stable quality achieved.

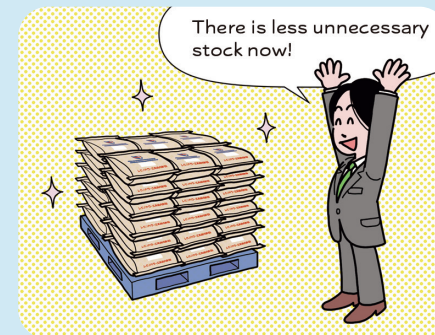

Reduce inventory costs and dead stock

Large number of pigment products and ordering units results in excess inventory.

NSB color matching system allows you to match colors with fewer base colors.

Inventory space is cleared up, which helps with cost reduction and improves cash flow.

Product Lineup

Based on many years of expertise in dispersion and color adjustment technologies, we offer an optimal lineup of colorants tailored to various applications and resin types.

Product Name	Color Index	Concentration (%)	Packing (kg)	Color	Product Name	Color Index	Concentration (%)	Packing (kg)	Color
Yellow NSB-127	Azo condensation Yellow (P.Y.128)	5	15	Yellow	Red NSB-84	Azo condensation Scarlet (P.R.166)	40	5	Red
Yellow NSB-128	Azo condensation Yellow (P.Y.128)	40	5	Yellow	Red NSB-86	Diketo Pyrrolo Pyrrole (P.R.254)	45	5	Red
Yellow NSB-134	Azo condensation Yellow (P.Y.95)	45	5	Yellow	Blue NSB-323	Phthalocyanine Blue (P.B1.15:2)	42	10	Blue
Yellow NSB-139	Isoindolinone (P.Y.110)	40	5	Yellow	Blue NSB-363	Phthalocyanine Blue (P.B1.15:1)	40	10	Blue
Yellow NSB-1/10-139-D	Isoindolinone (P.Y.110)	4	10	Yellow	Blue NSB-339	Ultramarine Blue (P.B1.29)	70	15	Blue
Yellow NSB-156	Disazo Yellow (P.Y.83)	40	10	Yellow	Blue NSB-1/7-339-D	Ultramarine Blue (P.B1.29)	10	15	Blue
Yellow NSB-236	Zinc Ferrite (P.Y.119)	60	15	Yellow	Green NSB-281	Phthalocyanine Green (P.G.7)	40	10	Green
Yellow NSB-1/10-236-D	Zinc Ferrite (P.Y.119)	6	15	Yellow	Green NSB-1/10-281-D	Phthalocyanine Green (P.G.7)	4	10	Green
Brown NSB-215	Benzimidazolone (P.Br.25)	40	5	Brown	Violet NSB-603	Dioxazine Violet (P.V.37)	5	10	Violet
Brown NSB-216	Iron Oxide (P.R.101)	60	15	Brown	Violet NSB-1/10-603-D	Dioxazine Violet (P.V.37)	0.5	5	Violet
Brown NSB-1/10-216-D	Iron Oxide (P.R.101)	6	15	Brown	Black NSB-412	Carbon Black (P.Bk.7)	40	10	Black
Red NSB-35	Lake Red (P.R.48:2)	40	10	Red	Black NSB-414	Carbon Black (P.Bk.7)	36	10	Black
Red NSB-40	Naphthol Carmine (P.R.150)	40	10	Red	Black NSB-1/10-414-D	Carbon Black (P.Bk.7)	3.6	15	Black
Red NSB-46	Quinacrydone Magenta (P.R.122)	40	10	Red	Black NSB-1/100-414-Y	Carbon Black (P.Bk.7)	0.36	10	Black
Red NSB-66	Quinacrydone Red (P.V.19)	5	15	Red	Black NSB-422	Carbon Black (P.Bk.7)	4.7	15	Black
Red NSB-67	Quinacrydone Red (P.V.19)	40	5	Red	White NSB-513	Titanium Oxide (P.W.6)	72	15	White
Red NSB-83	Azo condensation Scarlet (P.R.166)	5	10	Red	White NSB-524	Titanium Oxide (P.W.6)	72	15	White

Please note that the color images shown are for printing purposes and may differ from the actual colors.

Note

- Please mix the required amount into your PVC compound and check the color tone before use.
 - Depending on the type of compound, there may be issues with pigment diffusion, external lubricity, or internal lubricity. In such cases, please consult with us.
- ※Installing color matching system is a prerequisite.
